

Dear Church Family,

As our church grows, we see the value in creating a place to gather in nature, surrounded by the beauty of our island.

Together, with your help, we would like to build a pavilion that will serve as an outdoor space for worship services, fellowship opportunities, family activities, outreach events, concerts and more. It would be a joy to fellowship together in the pavilion and use the space to welcome and serve our neighbors.

We have the acreage to build and a committee dedicated to the design and execution of the project but need the support of each member. The church campus we enjoy today was built by the generosity and dedication of our church members. We are confident we can come together again to create a pavilion that will fulfil our mission to welcome people to Christ and provide opportunities to gather as a church family.

Our prayer is that it will be a place we can connect with each other, but first and foremost connect with God and bring Him glory.

We ask for your prayer and support as we create a pavilion to gather and grow together.

- Special Events

*facts and figures*

The Finance committee has authorized \$200,000 from recently received undesignated contributions to help fund the construction of the pavilion.

**BASIC PLAN**  
 \$350,000 - \$400,000

Please consider making a special gift to help us reach our total goal of \$400,000. Gifts need to be received by the end of October 2021.

Please fill out the giving card with your gift to the church, return it by mail or make a gift online.
